Sisters and Brothers,

Bell Craft and Services Ratification Information

Ratification meetings will commence in Ontario and Quebec beginning on August 3rd and will be held by zoom. The meeting and voting processes in Quebec and Ontario will be different, reflecting the regional geographical and structural bargaining unit distinctions.

Voting is being held online by Simply Voting, a third-party company that specializes in online voting and has been used by other bargaining units. Your vote result is confidential, what can be seen by Simply Voting is who has voted, not what was voted.

Your Bell work email will be used to share the information for both the ratification meetings and voting. The company has agreed to allow us to use the company emails for this process. If you cannot access your Bell email, please contact your bargaining rep and provide your first name, last name and personal email – Please have this submission by Monday, August 2nd 9:00am or you will not receive your ballot.

The regional bargaining representative emails in Ontario are:

Greater Toronto Area: justin.connolly@unifor25.com - Justin Connolly

North-East: uniforlocal29x@yahoo.ca - Dave Hicks

South-West: paulcouvion@sympatico.ca - Paul Couvion

You do not need to contact the bargaining representatives with your personal email if you have access to your Bell work email, only do so if you need to change to a personal email. The email list provided to Simply Voting will only be used to receive information about the ratification process and voting.

Ontario meetings will be held as follows:
